STEVIE MCLANE

Creative Director & UX Designer

steviegmclane@gmail.com | 682-774-6885 | LinkedIn | steviemclane.com

EDUCATION

BFA in UX Design | *University of North Texas*
Expected 2029
Relevant coursework: Typography, Contextual Research Methods

PROJECTS & EXPERIENCE

UX Designer & Researcher — *Flexidoc*

Appointment scheduling app for patients with agoraphobia

- **Designed** an end-to-end medical appointment scheduling app tailored to the needs of users with agoraphobia, from early concept through high-fidelity prototype
- **Built and iterated on** 3 prototypes, refining flows and interactions based on each round of testing
- **Conducted** peer usability testing with 5 real users to surface pain points around anxiety-driven scheduling behavior
- **Applied** findings directly to interface revisions, prioritizing low-friction, low-stimulation interaction patterns

Collaborative Project Framework — *Team Coursework Initiative*

- **Partnered** with classmates to devise a shared project framework for team-based design work
- **Established** common processes and checkpoints to keep collaborative projects organized and on schedule

Creative Director/Brand & Cover Art Designer — *SLD (Musical Artist)*

- **Developed** and promoted a complete brand identity for musical artist SLD, including visual style and creative direction across releases
- **Created** a simple but effective logo that became the artist's core visual mark across releases and platforms
- **Designed** original cover art for singles and releases, translating each track's tone into a cohesive visual concept
- **Maintained** visual consistency across the artist's growing body of work to strengthen brand recognition

UX Design Coursework — *University of North Texas*

- **Ideated** 5 user personas and 4 journey maps to guide design decisions and surface user pain points.
- **Led** two website redesigns, progressing from wireframes to high-fidelity, user-tested designs
- **Presented** final project to the UX Design faculty panel; with the work being a primary factor in acceptance into the UX Design program.

WORK EXPERIENCE

To-Go Packaging Team Member — *Chili's*

- **Coordinate** with kitchen and front-of-house staff to keep to-go orders accurate and moving efficiently during high-volume shifts
- **Collaborate** closely with teammates across stations, adapting quickly to shifting priorities to keep the workflow running smoothly

Dish Machine Operator — *Red Robin*

- **Managed** time independently to keep pace with a fast-moving kitchen while working within an organized cleaning and rotation system
- **Maintained** consistency and attention to detail with minimal supervision during high-volume shifts

SKILLS

Design & Prototyping: Figma, Sketch, Adobe Photoshop (Certified), Adobe Illustrator (Certified), Adobe InDesign (Certified), Rapid Prototyping
Development: HTML
UX Methods: User Interviews, Usability Testing, User Surveys, Design Thinking, Personas, Journey Maps, Contextual Research
Collaboration: Design Workshops, Peer Reviews, Constructive Critique
